GLENDALE NATIONAL GUARD SENSATION AT TABERNACLE

Large Audience Applauds Entrance of Men, Fifty Strong, in Their New Uniforms and Headed by Their Captain—Glendale Proud of Guard

MEN AND WOMEN CONSCIOUS OF DUAL NATURE

"The Two Thirsts" is Sermon Theme—Preacher Pictures the Thirst for Pleasure, the Thirst for Business Success and the Thirst for Spiritual Life

The sensation to which the big audience which assembled in the Tabernacle Thursday night was treated was the arrival of 50 members of "Glendale's Own" National Guard, headed by Captain Watson, and all resplendent in their new uniforms. The preliminary song service had been concluded, the last notes of Otis Ironmonger's solo had died away, and Evangelist Brown had just risen to announce his text when he paused to say that word had been received that the National Guard company was at the door. Immediately the audience arose to its feet and accompanied the entrance with applause that amounted to an ovation and which continued after the young men had reached the seats reserved for them in the center section. By way of greeting Mr. Brown said: "We are glad to have you with us. I have seen them before but I never saw them fit so well." There was more hand clapping and it was evident Glendale is proud of its Guards.

The theme of the sermon was taken from John 4:13: "Whosoever shall drink of this water shall never thirst." Said the evangelist:

"Of the thousands of pictures in the Bible, the women at Jacob's well is one of the bright spots. It places Jesus Christ in the foreground and He holds the eye and mind. Jesus has had a long trip and sits by the well resting. Far down the road comes this woman whose name, by reason of this meeting with Jesus Christ has been emblazoned on the hearts of countless millions. Jesus knew what manner of woman she was, that she was a Samaritan. He reached her by the only door by which He could have entered—her sympathy. She was asked for a drink of water. For a moment her old time grudge against the Jew flashed up but Jesus held to the line and instead of His asking presently she was asking. Then fell from His lips these memorable words:

"Every man and woman is conscious of a dual nature. One thirst is for the world and the things that perish. Cup after cup of pleasure is tried only to find it has not satisfied. The cup of temporal things calls for continual replenishment and at its botiom every time lie the dregs of discontent and unhappiness.

"Water not only seeks its level. Human society seeks its level and spiritual values also, with exacting certitude will seek their level. The man with a thirst for spiritual things will build up his life along those lines and with a clear vision of God. It is not necessary to array a multitude of facts and figures to convince the average man of the truth of God's declaration that he that drinketh of these waters shall never thirst again.

"In business as in pleasure the same unquenched thirst goes on. Big business gasps with the gulps it is taking. What is the matter? It is salt water and only inflames the drinkers to want more.

"Paul in Ephesians said: 'Be not drunk on wine wherein is excess' but 'You be filled with the Holy Spirit.' Paul knew. He saw on every side men who were wine filled and saw just as clearly as we do today that the wine filled life has its visions but they are mirages. The worldly vision is a will o' the wisp.

"Jacob's well may be filled with dirt today as are so many human hearts, but the well from which Jesus took the cover is still open.

"Another thirst is the lust of the flesh. You can yield to the thirst of the brute until you become its slave. Everything you hold dear is sacrificed at the curb of that well and still it cries for more until in desperation you throw into it your immortal soul.

"This woman at the well was a woman of many husbands and was now living with one who was not her husband, but when Jesus offered her the living water she left her jug and ran to partake of this water of everlasting life crying: 'Come and see this man Is not this the Christ.'

"Are we at the fountain drinking? Are we filled with enough of it to run and call others?"

The Morning Meeting

The last of Evangelist John Brown's talks on the "Spirit Filled Life" was given in the Tabernacle this morning.

The question of the believer should not be, said the evangelist, "have I received the Holy Spirit?" That comes with conversion. The main issue is "Has the Spirit received me?" Paul says in Romans 12:1: "I beseech you, brethren, by the mercies of God, that you present your bodies a living sacrifice, holy, acceptable, which is your reasonable service." The believer is apt to say, "I've done my part and am just waiting on God to tell me what to

REASER-M'CLINTOCK WEDDING BELLS

In the presence of a crowd of friends that filled the large auditorium of the Seventh Day Adventist church on Isabel street, Miss Edna Reaser, daughter of Elder and Mrs. G. W. Reaser, was married last evening to Charles C. McClintock, son of Mrs. J. A. McClintock of Pasadena.

The church was beautifully decorated in white roses and ferns. To the strains of the Lohengrin wedding march, played by Mrs. B. E. Grant, the bride, attended by Miss Reathel Jenkins of Santa Monica and Earl Rombeau, and preceded by her dainty little flower girl, Marcella Nelson, entered on the arm of her father, and was met at the altar by Elder E. L. Neth and the groom.

Prefacing the sacred rite with a short, impressive discourse on the divine institution of marriage, Elder Neth pronounced the words that united Edna Reaser and Charles McClintock in the bonds of matrimony.

The bride was becomingly attired in a gown of oyster white Canton crepe, trimmed with pin-tucked georgette and fillet lace, and knife pleated overdrapery. Her veil was caught with orange blossoms and she carried a shower-bouquet of white roses.

The bridesmaid's gown was of white beaded georgette, over turquoise blue satin. She carried a bouquet of pink sweet peas.

Little Marcella Nelson was clad in a pretty dress of pink organdie; she carried a basket of Cecil Brunner roses.

After the marriage ceremony a reception was held at the home of the bride's parents, 1010 East Wilson avenue. Masses of Cecil Brunner roses adorned the living rooms, where, under an arch of flowers, Mr. and Mrs. McClintock received the felicitations of 100 or more of their friends.

Vocal solos by Dr. H. R. Harrower, Mrs. Retta King Nelson and Anna Simpson Grant added to the pleasure of the guests, and refreshments of ice cream and cake were served by the hostess, Mrs. Reasor and her assistant hastesses, after Mrs. McClintock had cut the large bride's cake. Flashlight pictures of the guests were taken as a memento of the happy occasion.

The date of the wedding had been so arranged that Mrs. B. R. Owen, sister of the bride, who has been in missionary work in Hong Kong, China, for the past six years, might be present with her two children. Mr. Owen's work as secretary and treasurer of the conference called him to Oakland, so that he was unable to attend.

Mr. and Mrs. McClintock will begin their housekeeping in a cozy new home on California street, which Mr. McClintock is building for his bride. Many useful and beautiful presents attested the esteem in which these young people are held by their friends.

"NIMBLE FINGERS" WILL GET BUSY

Mary Jane Gillette Tent, Daughters of Veterans, held its regular business session on Tuesday evening.

On next Tuesday evening the Nimble Fingers Club will meet at the home of Mrs. W. M. Crawford, 800 South Central avenue. The session will be devoted to sewing for the Red Cross, which is conducting a campaign for clothes for the needy children of Europe, especially articles for layettes to send to mothers whose little babes have literally no clothing, some of them, as reported by eye witnesses, being wrapped in newspapers.

It is urged that a large number of members and their friends attend this meeting.

PHILANTHROPIES OF KENSINGTON CLUB

Members of the Kensington Club met Thursday at the home of Mrs. Milligan on East Park avenue to sew and otherwise prepare the clothing they are contributing to the Children's hospital and other institutions to which they are contributing. The workers brought lunches and put in a long day of work. They expect to meet again Friday to finish and pack the work.

SEBASTIAN GROCERY EXPANDS ITS BUSINESS

The Sebastian Grocery at 145 North Glendale avenue has taken over the room south of its original quarters and has considerably enlarged its business. A fountain has been installed which is doing business today for the first time where all sorts of soft drinks are being served with tables specially reserved for women and children.

PREMIER BRIAND TO SETTLE REPARATIONS

(By International News Service)

PARIS, April 29.—"I go to London in full confidence of an allied agreement and that we are finally going to settle once and for all the difficult matter of reparations," declared Premier Briand just before he left Paris at noon today to attend the meeting of the supreme council.

WEST VIRGINIA TO PUT LID ON

(By International News Service)

CHARLESTON, W. Va., April 29.—The legislature of this state may put the lid on "vamps"—both male and female, but mostly the female species. Senator Harvey W. Harmer of Clarksburg, has introduced an "anti-vamping" bill. It is intended to safeguard a woman's husband from the snares of designing women who have no legal title to the husband.

It is set forth in the bill that "if any wife has reason to believe that any woman, other than herself, is on intimate terms with the husband of such wife and that such intimacy has led or may lead to illicit relations between such other woman and said husband, or that such intimacy has alienated or may alienate the affections of said husband from his wife, or that such intimacy has caused said husband to fail or refuse to provide for her, or their maintenance or support: or that such intimacy has destroyed or may destroy the happiness of the home of such wife and husband, such wife may notify such other woman (the 'vamp') in writing that the husband's name is the lawful name of the wife signing said notice, and that he is not divorced from said wife and that such other woman or women is thereby notified to refrain thereafter from any communication whatever with said husband."

The weak spot of the "anti-vamping" bill is the penalty, which is light Even if the "vamp" was sentenced to the full penalty it would not amount to much in the case of a wealthy "vamp," for she could promptly pay her fine and go on vamping the same man all over again.

Punishment Not Drastic

According to the bill, the woman who receives such notice "and who persists thereafter in associating or communicating with the husband shall be guilty of a misdemeanor and fined up to $100 for such offense." But the Harmer measure takes notice of the fact that one man may "vamp" another man's wife. Therefore no favorites are played under this bill.

The husband is empowered to write a like missive to the man he suspects of paying too much attention to his wife. If such notice is not heeded (and there has been no gun-play in the meantime) the same penalties are provided for the protection of the husband as for the wife.

A clause in the bill makes it obligatory that all notices must be sworn to before a justice of the peace, and the justice before affixing the verification to such notice shall make diligent inquiry in order to determine whether or not the statements contained in said notice are true. In other words, the measure, if it passes, puts it up to the justice of the peace to reasonably prove whether the wife or the husband is being "vamped."

CANDIDATES FOR OFFICE TAKE NOTICE

April 28, 1921.

Mr. J. C Sherer, City Clerk,
Glendale, Calif.

Dear Sir:—I have your letter inquiring about the manner of making nominations for the Glendale city election to be held June 28. The law to be followed in this matter as provided by the charter is the state law relating to general state elections. This law is sections 1188 and 1192 of the Political Code and parts of the direct primary law referred to in those sections. The form of nominating petition is that which you submitted to me and I have filled that out as it should be for the nomination of John Doe for member of the Council, and return it to you herewith. Other nominations would be in the same form, changing the title of office.

The concrete effect of the foregoing provisions of law is as follows: Nominating petitions must be filed by electors equal in number to 1 per cent of the total vote cast in the City of Glendale at the general election of November, 1920. These petitions must be filed with the registrar of voters of Los Angeles county not later than June 3, and he will transmit them to the city clerk after verification, where they must arrive not later than June 8. Signatures to these petitions are obtained by verification deputies appointed by the candidate, which appointment must be delivered to the registrar with the petition. Signatures can be obtained not earlier than May 19 and not later than June 3. The candidate must fill an affidavit as provided by the direct primary law with the city clerk not later than June 3. Each candidate must pay the city clerk a filing fee of $10, except in case of offices where the compensation fixed is not more than $600 a year. This exception covers members of the Board of Education and the city treasurer. if I am correct in thinking his salary is $50 a month. Members of the council have a maximum possible salary of $60 a month and must, therefore, pay a filing fee.

Yours very truly,
HARTLEY SHAW.

THIRTY-INCH WATER MAINS BEING SET

Citizens were much interested in the big truckloads of 30-inch steel pipes which were to be seen traversing Glendale avenue for installation north of Broadway. They looked big enough for subways.

TRUSTEES HEAR GRAND VIEW AND MAPLE AVE. PROTESTANTS

In the absence of President Stephenson, Mrs. H. E. Bartlett presided over the meeting of City Trustees last evening.

The earlier part of the session was devoted to hearings of petitioners from the Grand View district and from Maple avenue assessment district.

Grand View Matters

The first matters which was presented by Mrs. Elsperman of Grand View was a petition for the changing of the name of Sixth street to Glenwood boulevard. She stated that it was continually confused with Colorado street, formerly known as Sixth street, and caused much annoyance. Trustees indicated their disposition to act favorably and the petition was referred to the City Engineer for checking and report.

The other Grand View matter concerned a map providing for the platting of the Grand View district with streets and residence lots. It had been presented at a meeting of the Grand View District Improvement Association and met with the entire approval of that body, and the association members were most anxious the trustees should approve and indorse it. The chairman of the association addressed the board stating that the owners of certain property were planning to subdivide it into lots 40 by 100 feet with streets but 40 feet wide, a policy to which the district objected as tending to cheapen properties which they were endeavoring to make first class. For that reason the adoption of the general plat fixing the width of streets at 50 feet or over with lots of liberal dimensions was urged. The owner of the property referred to was present and said he had been somewhat misrepresented. On motion of Trustee Henry, seconded by Lapham, the board voted to approve the general map, which would thereafter regulate the width of streets and size of lots.

Maple Avenue Assessment

Protests against the Maple avenue assessment signed by M. K. Hollock and 15 or 20 others,, and other protests by Mrs. Hattie Blaisdell, Antonio Tassano, H. A. Lankton and others, were read by the city clerk and the board was addressed at some length by Mr. Knox, who reviewed the claims of protestants and suggested if it would be impossible under the law for the board to assume any part of the cost of repaving the portions of Maple avenue, complained of, that it add that cost, or at least a portion of it, to the assessment of the original petitioners who wanted the improvement and in which Mr. Knox and his associates had simply acquiesced. Representatives of the original petitioners for the improvement protested vigorously against any further assessment and the hearing was declared closed. On motion of Trustee Henry that all protests and appeals be denied, a vote was taken, Henry, Robinson and Lapham voting aye and Bartlett no.

R. A. Pollock appealed to the board to reconsider its vote denying his application to establish a garage at Pacific and Broadway. He was told to canvass the neighborhood and see how much support his petition would receive and again present it to the board.

The application of George Bender for permit to operate portable popcorn machine was referred to city manager for investigation and report.

A request from the Citizens' Building Company that the city lease the mezzanine floor in a building to be erected on Brand boulevard and use same as a public rest room, was referred to committee of the whole.

Private Sanitaria

Applications from Mrs. Dora C. Conley, 336 West Colorado, Mrs. Amy Crist at 1293 South Boynton street, for permits to keep patients in private home, were referred to city health officer for investigation and report.

Applications for permits to do street improvement work, two by John W. Henderson and one by William Snyder, were granted subject to approval of street superintendent.

Billiard Hall

The application of C. F. Peach of San Fernando for permit to conduct a billiard parlor, was referred to committee of thhe whole.

Further bids on two-ton truck to be used by city for collection of garbage, were read by city clerk and the board was addressed by the representative of the Republic Truck Company. At the conclusion of his talk the trustees voted to accept the bid of Packer & White for a Moreland truck.

Sycamore Canyon Annexation

Engineer Hill to whom the petition of Sycamore canyon residents for annexation to Glendale had been referred for checking, reported the names signed represented more than 50 per cent of property owners and a resolution was adopted calling a special election for that district to vote on the annexation proposition for May 21.

On the report of the city manager that Peter Ferry's bid for improvement work in Dayton court was the lowest offered, the board awarded the contract to Mr. Ferry.

On Mr. Watson's showing that the business of the building department has so increased that another automobile is needed by that department, the board voted instructions to advertise for bids, such bids to be opened May 12.

Locust Gopher Meeting

Because of the great damage that is being caused by locusts and gophers, and the need for public instruction in the matter, on the recommendation of the city manager the board authorized him to call a meeting of citizens at the city hall, May 2, to be addressed no the subject by City Forester Marek.

A recommendation of the city man-

GOOD BALL GAME BY GLENDALE GIRLS

Intermediates Win Game by Score of 18 to 15 in Spirited Contest

In spite of the desperate heat of the day, the baseball gabe between the two girl teams of Intermediate and Glendale high, which took place Thursday afternoon on Intermediate field, was a spirited contest which reflected great credit on members of both teams. It ended with a score of 15 to 18 in favor of Intermediate. The line-up of that school was:

Several girls made home runs.

GEORGE ARLISS IN "THE DEVIL"

The announcement of the showing at the Glendale theater today of a photoplay version of "The Devil," takes us back to the theatrical season of 1908, when Frank Molnar's sensational play had the unique distinction of being produced simultaneosuly by rival managers and playing to crowded houses to two theaters all winter.

W.R.C. DEPARTMENT OFFICERS HONORED

Mrs. Priscilla Houdyshel who was present at the reception given by the Pasadena Post and Corps to department officers and past department presidents of Southern California, reports it was quite a splendid affair. At the luncheon which was served at 12 o'clock a table in the form of a 4-pointed star was set for the special guests which was centered with a large basket of Cecil Brunner roses, places being laid for about 40. Other tables to accommodate the 300 or more guests were scattered around the hall.

At the program which followed the luncheon a plea was made for assistance in furnishing the Welfare Home at Monte Vista in which the corps members showed interest. Department officers of the corps and the department commander, who was present, were called upon and responded briefly with pleasant words of greeting and appreciation. After the program the Relief Corps held its regular meeting.

ST. MARK'S GUILD MEMBERS MEET

The ladies of St. Mark's Guild held their regular meeting yesterday at the parish hall.

Sewing for the bazaar and grand carnival, to be given by St. Mark's on June 2 at La Ramada, occupied the morning hours and a picnic dinner was enjoyed at noon.

In the absence of the president, the business session in the afternoon was presided over by the vice-president, Mrs. Mortimer Baker. Routine business in connecton with the bazaar occupied most of the session.

MUST REGISTER BIRTHS PROMPTLY

The law requiring the registration of births within 36 hours after such event, is to be enforced very strictly by the county health office.

Failure by the physician, or other person who witnessed the birth, to record this fact is a misdemeanor. As a check on the accuracy of these registrations, the county health office is mailing a postcard to the parents of each new baby whose birth is officially recorded at the county court house. Failure to receive such a card from the county health department in due time after the baby's birth, is evidence to its parents that the physician has neglected to file a certificate of birth. The county health office, however, records only the births in unincorporated districts.

It is of grave legal importance that the birth of every child be officially recorded with the registrar of the district in which its parents live.

BUSINESS HOME FOR GLENN H. PORTER

Glenn Porter is building a business home at 122-124 West Broadway. It will be of brick, 50 by 106 feet, with five garages of 14 feet depth each, in the rear, opening onto a 20-foot alley. The center garage will be for the store's use and the other four for rent. A room 13x50 will be partitioned off on the east side of the building for rent as an office. The remainder will be used for Mr. Porter's growing furniture business. The permit is for $9000.

O. E. Brown, owner of the Wilson block, which includes Nos. 304 to 312 East Broadway, took out a permit this morning for a brick storage warehouse 50 by 40 feet, in the rear of the Page-Trice furniture store, to cost $3500.

MRS. W. LINDSAY HAS GARDEN PARTY

A garden party under the auspices of the Daughters of the British Empire, Queen Alexandra chapter, will be given at the home of Mr. and Mrs. W. Lindsay, 142 Wabasso way, Verdugo Woodlands, Sunday, May 1, from 3 to 7 o'clock.

A very attractive program has been arranged for this event. Louise Dresser and Jack Gardner have kindly consented to be present and to assist in entertaining. Musical numbers will be given by the following Glendale artists: Mrs. Hernanda Lee, Mrs. Calvin Whiting and Malcolm Macurda, cellist. Mrs. Madeline Lux Nelson, well-known concert singer of St Paul, will give a group of songs, accompanied by Mrs. Hernanda Lee, and several Los Angeles artists will also contribute numbers to the program. Mr. Cleveland of Verdugo Woodlands will have charge of the program.

The proceeds will be devoted to the relief of disabled British soldiers in Los Angeles.

MANY DEPREDATIONS ON SCHOOL GROUNDS

A number of boys accused of depredations at the Pacific avenue school grounds had a friendly hearing before Judge Lowe yesterday. Windows had been broken, obscene writings spread upon the blackboard, the roof damaged and other destruction wrought. All the boys denied complicity in the acts but the hearing brought out the need of a close supervision of the grounds, which are really open to the use of pupils and teachers only, instead of any persons who may wish to play games there. A reform is to be brought about.

POMONA GLEE CLUB AT GLENDALE HIGH

Students of Glendale high were given a treat Thursday at a special assembly in the afternoon when the Pomona Glee Club to the number of about 20 young men and their leader, Professor Lyman, gave a delightful program. Not only were the individual voices of the singers fine, but their good training was very evident in restraint and voice control. The audience was charmed and overwhelmed them with applause, especially in the nonsense numbers which always delight young people. Their numbers included:

"Archers' Marching Song" from The Elfman (Thayer).

Violin solo, "Indian Lament" (Kreisler), played by Truman Douglas.

Reveries from "The Lime Kiln Club" (Storch).

Tenor solo, "Celesta Aida" (Verdi), by Paul Russell.

A group of campus songs—"O Sole Mio" (Di Capua), "De Sandman" (Prothero), "Ghost Dance" (Bissell) "The Tree in the Ground," "John Brown's Baby."

GLENDALE FIREMEN HAVE A HARD DAY

Members of the Glendale fire department had a chance to earn their money yesterday as there were three or four calls, some of them so close upon the heels of the earlier summons that police autos had to be sent out for investigation because all the laddies and engines were out.

The most serious and exhausting blaze was in the wash near the Glendale laundry where about 300 feet of the protection work, which cost in the neighborhood of $1000 was destroyed. Valuable assistance was rendered by laundry employes and one of them, Hale Anderson, a driver, was overcome by heat, smoke and exertion and had to be rushed to the Glendale sanitarium by the Pulliam & Kiefer ambulance. George Blix was also overcome and every man on the force was "all in" when the fire was controlled because the engines could not be taken into the wash and heavy fire hose had to be dragged to the scene by the herculean efforts of the men.

So appreciative was W. E. Hewitt of the Glendale Laundry of the good and efficient work done, that he presented the fire chief with a check for $10 for the company.

The other calls were for grass fires, one at 461 West Lexington and one which ignited from a rubbish heap opposition Station No. 2 on Los Feliz road.

She also passed a week at Salida, Colo., as the guest of Miss Laura Downell of Eagle Rock, who is teaching there and who has many friends in Glendale.

REHEARSALS OF 'LITTLE PRINCESS'

Rehearsal of 'The Little Princess," to be given by pupils of the Pearl Keller school of dancing and dramatic art, May 6, are proceeding at a very satisfactory pace. Cecelia Mae Fischer, who, in the character of Sara Crewe has the title role, is exhibiting real talent and entering into her part with the abandon of a real artist. Doris Packer as Miss Minchen, proprietress of a young ladies' seminary; Marie Hearnshaw as Miss Amelia; Elizabeth Turner as the baby of the school; Glen Hitchcock as the "scullery maid," and Marjorie Hart as the maid, Emma, are doing excellent work.

The play is a dramatization of Frances Hodgson Burnett's delightful book of the same name, and as the majority of the juvenile patrons of the library have read the adventures of little Sara Crewe, and older folks as well, the drama will make a strong appeal. As will be observed, there are a few grown-ups in the cast, which follows:

Sara Crewe ("The Little Princess") .....Cecelia Mae Fischer
Miss Minchin ("Proprietress of the Young Ladies' Seminary") .....Doris Packer
Amelia ("Sister of Miss Minchen") .....Marre Hearnshaw
Lottie "(The Baby of the School") .....Elizabeth Turner

Stefansson Is Coming

Vilhjalmur Stefansson, noted explorer of the frozen North, will lecture here on the second night of Chautauqua. No more interesting story is being told on the American platform today than this one by Stefannsson. For five years he was lost to the world in his exploration work in the Arctic regions. His party carried supplies for one year only, the other four years they "lived off the land." This lecture has been packing the great auditoriums throughout our largest cities. It is illustrated with splendid views taken in the North by the Stefansson party.

SEVEN DAYS PACKED WITH BIG ATTRACTIONS

Make Chautauqua week your vacation week. You will never regret it. It will be seven days filled with interesting and inspiring lectures, splendid music and wholesome entertainment for you—a week you will long remember. Other prominent lecturers are Peter Clark Macfarlane, Father D. J. Cronin, Hunt Cook, Tom Skeyhill and Burnell Ford. Ten concerts during the week by Lieurance's Little Symphony Orchestra, Roach-Freeman Duo, Walter Jenkins, The Orpheus Four and The Jugo-Slav Orchestra. On the fifth night a big New York play production.

GOOD MOTORING MANNERS

America may be tired of drives, but there is one drive on this spring which every thinking motorist, at least, will welcome. It is a drive for better motoring manners.

The leading motor manufacturers are back of a campaign to promote courtesy among car drivers. It is intended to reach the operator of the car in the crowded city and to appeal with no less potency to the tourist out on the county highway.

In most of the cities traffic laws and police have motor regulation pretty well in hand. But out on the pike, all too often the careful driver of town becomes the speed maniac and the road hog. Under the plan to control this tendency it is suggested that dealers take pains to compliment good driving etiquette. Under the latter head are included stopping to permit another car to turn, slowing down at bad corners, warning of bad and impassable roads ahead, keeping well to the right of the road and various other observances which make for comfort and safety.

If individual motorists will take up the good work, good motor manners will soon be the rule of the road and motoring will be robbed of those terrors which now frequently make both driving and riding a series of nervous shocks.

ON THE RHINE

The American "Watch on the Rhine" continues to watch, and is likely to do so for some time to come, in spite of recent expectations to the contrary.

President Harding, soon after his inauguration, announced that the troops would not be brought home at present, because of newly developed complications between the Allies and Germany. The American force at Coblenz numbers about 15,000, and would amount to little if there was any heavy fighting to do; but for policing purposes, that many troops can spread themselves over considerable territory. The moral effect of their presence, however, is what the administration desires, and also what the Allies desire. The fact that America is still with the Allies on the Rhine, demonstrating military solidarity for the benefit of Germany, is of far more importance than the numerical strength of the representation. They are willing to do the heavy work themselves provided they have this evidence of moral support.

FOR CLEAN POLITICS

The efforts of the League of Women Voters, which has just been in session in Cleveland, will be directed actively to cleaning up politics and warring upon political bossism, in every state in the Union, if plans made at the convention are carried out.

The preservation of the primary, clean issues, clean elections and clean election officials will be the aims of the campaign conducted by the women of this organization.

This is work in which every good citizen is interested, and in which every good citizen can and should take part without reference to sex or party lines. It is in no sense a party move save as it should spur each political faction to present such issues and so to conduct its campaigns that no charge of political uncleanness can be made against it.

LIFE IS LIMITED

To know that one has but one life and that it is limited. There is one hour, and only one, for gathering the grapes from the vine; in the morning the grape is sour; in the evening it is too sweet. Lose your days neither in weeping for the past, nor in weeping for the future. Live your hours, live your minutes. Joys are flowers that the rain will tarnish, or that will throw their petals to the winds. Do not always look at your feet, but do not look too far before you. Human wisdom is to live as if one were never to die, and to gather the present minute as if it were eternal.

Discouragement was offered to further attempts on the bank of the Illinois cashier who killed one robber, wounded two and captured two others.

AMBASSADOR TO GERMANY RECALLED

(By International News Service)

BERLIN, April 29.—Lord d'Abernon, the British ambassador to Germany, has been recalled to London in connection with the new German indemnity proposals. He conferred today with Dr. Walter Simons, the German foreign minister, to secure a detailed explanation of the German offer. Lord Kilmarnock of the British mission received orders from London to confer with Ellis Loring Dressel, the United States commissioner, who forwarded the German note to Washington.

GENERALS' CAPTURE PREVENTS UPRISING

(By International News Service)

MEXICO CITY, April 29.—Mexican government officials were confident today that the capture of General Candido Aguilar and General Francisco Murguia, two Mexican revolutionary leaders on the American side of the border, will prevent the proposed uprising in the north which was said to have been fixed for May 5. The Mexican government will request the United States to extradite the two Mexican officers on the ground that they are dangerous.

FRANCE INSISTS UPON FURTHER PENALTIES

By NEWTON C. PARKE
I. N. S. Staff Correspondent

PARIS, April 29.—France remained unshaken today in her demand that the allies' armies advance further into Germany on Monday and occupy the Ruhr district. There was every indication that Premier Briand will insist upon further military penalties upon Germany when he goes to London to attend the meeting of the supreme council.

TRAIN DERAILED; RESULTS SERIOUS

(By International News Service)

ALTOONA, Pa., April 29.—One man was killed, another seriously injured and several passengers more or less injured when Pennsylvania Railway train No. 64, known as the New York Night Express, was derailed at Bennington cut, near Galitzin, west of here, just before midnight. The locomotive and five cars toppled over.

The bell in the Cathedral of St. Stephen, Vienna, weighing 39,096 pounds, is made from 180 pieces of cannon taken from the Turks.

HOW DO YOU SAY IT?

By C. N. LURIE

Common Errors in English and How to Avoid Them

"AWFUL, AWFULLY."

FEW words that go to make up the long list of abused terms in common usage of English are employed so frequently, and so erroneously, as the two cited. Everything is "awful," as in the following example: "Do you like that cake?" one asks of the school boy. "Yes," he replies, "It's awful good." And not alone school boys and school girls, but grown men and women, fall into this error. Of course the word to be substituted for "awful" or "awfully" is "very."

The adjective "awful" and the adverb "awfully," are derived from the word "awe," which means "fear or dread, mingled with reverence and veneration." The words "awful" and "awfully" have their proper place in the language, but it is not that of a substitute for "very."

Very is what is known as an intensive; a word used to give emphasis.

BIG BRIBE WAS OFFERED SCHWAB

By FLOYD MACGRIFF
I. N. S. Staff Correspondent

NEW YORK, April 29.—Germany offered Charles M. Schwab, steel magnate, "a $100,000,000 bribe" if he would break his war contracts with Lord Kitchener; England learned of this and countered with an offer of $150,000,000.

Mr. Schwab laughed and said Germany and England together hadn't enough to make him break with Kitchener.

This startling and heretofore untold episode of the world-war was related today by Darwin P. Kingsley, president of the chamber of commerce of the state of New York, at a testimonial reception tendered Schwab. The reception, the fourth given by the organization in 153 years, was the outgrowth of allegations, later officially discredited, made before the shipping board congressional investigating committee, that Schwab, when an officer of the shipping board, profited by a $100,000 expense voucher.

Detailing how Schwab, "a great executive, a man who could do things," was sought by England to do the impossible in construction of submarines," Kingsley said that after Schwab had demonstrated he could build submersibles in five months, when it previously had required 17 months, Germany sought to "buy" him.

"Then Germany's chief spy in the United States—called in those days an ambassador—tried to block Schwab and succeeded in embarrassing him," Kingsley stated.

"Realizing what he was doing and could do was likely to be a large factor in the war, Germany sought to buy him, in order to stop him."

GILMORE'S TRIP WAS TO MASS STRENGTH

LOS ANGELES, April 29.—With the departure for New York of Frank Gilmore, chief executive of the Actors' Equity Association, it was revealed today that one of the purposes of Gilmore's trip to Southern California was to mass the strength of the theatrical fraternity for a nation-wide fight, soon to be launched against the importation of German films.

"Unless some tariff barrier is set up against the dumping in America of German pictures, made behind the enemy's lines while our boys were were fighting and dying for civilization, a serious condition is threatened in the American motion picture industry," said Gilmore.

Gilmore stated that tthe various organizations of California photo players which formerly were distinct from the Actors' Equity Association, although cooperating with it, have merged with it and dropped their separate identity. At one of the Equity meetings held here in the last few days 1400 members were present.

Motion picture actors familiar with the situation, today pointed out that the fight on German films may lead to an internal war in the American "movie" world. The Actors' Union is expected to line up with the producers and distributors not handling the German films, thereby causing a split in the industry.

Make that Lot Pay You An Income

FIVE REASONS
Why You Should Buy Pacific Ready Cut Homes

FIRST—Immense buying power: We purchase over thirty-five million feet of lumber per year, and in that way can select better lumber and save an immense amount of money on the cost. We ship it by boat direct from the Northern lumber field.

SECOND—Machine cutting: Obviously machine labor is quicker and more accurate than slow hand labor on the job. 20 per cent to 40 per cent in the labor cost alone is saved by our methods of building.

THIRD—Selling direct at wholesale: The elimination of the retail lumber yard represents a tremendous saving for every home builder. The average bill of lumber goes through many hands—the local dealer, wholesaler, jobber, broker and mill. When the customer buys from us he pays only two profits—to ourselves and to the mill.

FOURTH—Quantity sales with small profits: At a capacity of twenty houses a day we can, of course, sell cheaper than the small concerns.

FIFTH—Expert architectural service: With each plan we furnish complete blue prints. Each plan in the catalogue has been built and is the result of many years of study to work out a plan which will contain no waste floor space and an elevation which will be pleasing and in keeping with the latest ideas.

COSTLY ECONOMY

How many women readers of this page know how much their household goods are worth? I made an inventory, in a Glendale home last week, of household goods insured for $1500. They were found to be actually worth $3100. A FIRE would have cost the owner $1600. How is your insurance? Why not call or drop me a postal regarding this? No obligation, and remember—

"GLEN AND DALE"

Last Friday evening, in response to an invitation from the Endeavorers of Hollywood district, several Glendale young people went over to the Christian church of Hollywood, to a Christian Endeavor rally held by their district union, boosting for the coming state convention.

The Glendale young people were supplied with the little sombreros, so that each person entering the church was tagged as a reminder that Glendale is expecting them to meet here in June. However, Hollywood is on the job, and all the Endeavorers who possibly can are making arrangements to attend the great gathering. An interesting program was presented by the Hollywood Endeavorers, including a good rousing song service, followed by a duet and a reading, after which Rev. Mr. Richardson gave a very helpful talk. Then Will Richards, formerly of Glendale, but now residing in Los Angeles, presented the plans of the County Union for the coming year, introducing two of the county officers who gave very helpful talks. Last, but by no means least, the meeting was turned over to the Glendale folks to do whatever they wanted to do. An original skit was presented trying to impress upon the Hollywood Endeavorers the necessity of each and every one of them attending the convention, and registering now. At the conclusion of the skit Miss Ethel Preston told the young people of the magnitude of the task ahead of Glendale, and thanked the Hollywood Endeavorers for their kind offer of assisting us in entertaining our guests; expressing the belief, however, that in all probability Glendale could find accommodations for all. Will Richards then presented the pre-registration, and after a few words from one of the pastors the meeting was dismissed.

Although those who went would much rather have been here in the union meetings, they realized that it was an opportunity to boost for the wonderful convention in our midst June 25-29.

Those who went were Misses Nancy St. Clair, Ethel Preston and Marjorie Smith, and Messrs. Will Richards, Elwood Ingledue and Bill Marple.

do." Not so, God is waiting on you to say, "Lord, I hereby present my body a living sacrifice, and surrender m yall to you. I'll do and say and go as you command me. Paul's exhortation was to saved people, believers, not sinners. Christians often tell the evangelist they are amazed that sinners can resist his heart-searching, loving appeals. But the angels of God, while they grieve over the sinners' hardness of heart are amazed at the believers in th church of Jesus Christ, who, amidst all the darkness of sin and misery in the world, sit idly by, indifferent to the appeal to surrender their lives to God so He can use them to save precious souls. The reason why Paul mentioned the body only is because if the body is surrendered all else will follow. The whole question of consecration and service is dependent on the surrender of the body to the Spirit's guiding. Must dedicate all—voice if you can sing, money if you have it, in fact all your talents. Do not try to consecrate some particular talent or gift, but all.

The evangelist does not believe in a church hiring a choir of dancing, card-playing, sometimes beer-guzzling pagan singers to praise God in song for the congregation. Any kind of singing by consecrated believers is better than that kind. The most shocking blasphemy in God's eyes is not the obscene talk of the streets but the actions of professed believers who pray on Sunday "Thy Kingdom Come" then go out to a week of tearing down that kingdom by their ungodly lives. You should work and pray and live, all to God's glory. The difference between conversion and consecration is that in conversion one gives up bad things for God while in consecration one gives up the good things to God. You can't dedicate dancing, card-playing, theater going and tobacco to God. His altar can't accept such things When God really converts a man He cleans him inside and out.

Many people, even Christians, seem to look upon God as a cruel, revengeful arbitrary person who wants to break us to pieces. God isn't a slave driver. We are His sons and daughters and He wants us to be happy. Parents should be supremely happy when their children are called of God to the mission field or to be Christian workers of any kind, even if such call takes them far away. Much of the darkness in the home is from defying the will of God in such things.

Consecration, then, is to lay all on the altar, to surrender our bodies our lives, our all to God's service—that's consecration. This was the speaker's concluding statement.

Coming Meetings

Tonight, in the Tabernacle, Evangelist Brown will preach on the topic "One Thing Thou Lackest." A large delegation of high school students will attend.

No service in the Tabernacle Saturday morning.

Saturday afternoon, 2:30, Evangelist Brown will talk to women and girls on "The Ideal Woman." In the Tabernacle.

Saturday night, 7:30, a "Brown Special."

PERMITS NEARING $400,000 FOR APRIL

Frank W. Frost took out a permit just before noon for a 6-room house and garage at 624 East Lomita, to cost $3000, which brought the April total to $388,868, and that for 1921 thus far, to $1,203,791.

AN ERROR IN STATEMENT

The Glendale Press is advised that its report of the assembly at the high school which was addressed by John E. Brown, had by error stated that students were invited to attend the tabernacle services in a body. Persons who were present state that this invitation was not given, and very properly withheld, because the law is very strict in regard to religious propaganda in the public schools. The report was secured at second hand, as it was not possible for a member of the staff to attend the assembly, hence the error.

GET RID OF THE GOPHERS

A property owner on Oak street, having suffered through the ravages of gophers, breaks into blank verse and forwarded to City Manager Watson the following:

Dear Tom:

I see by the papers
That Paris is over-run
With rats.
Just like Glendale is
Run-over with GOPHERS.

I have tried numerous and
Divers ways of
Reasoning with them,
But to no avail.

Could we not pay a bonus
Of, say, 5 cents a head
To get the kiddies interested
In ridding Glendale
Of its only evil?

Might not their school teachers
Explain to them the destruction
Wrought by these rodents,
And also how we might
Get rid of them.

I take this means
Of starting a crusade
Against the EVIL OF GLENDALE
As they have just ruined
My perfectly brand new
Twenty-five-dollar lawn,
Not to mention several
Rose bushes, poinsettias, etc.

A PROPERTY OWNER.

DENVER TO HOLD BIG AIRPLANE MEET

(By International News Service)

DENVER, April 29.—Plans for the greatest "airplane meet" ever staged west of the Mississippi, to be held in Denver beginning May 15, are under way today, and it is expected that 30 planes will fly in exhibition feats during the air carnival.

A score of individual flyers, mostly residents of the Rocky Mountain region, are expected to compete in the various contests, including a daily program of racing events, "stunt" and exhibition flying. Trophies and money prizes will be awarded for long distance and trick flying. Parachute jumpers will be secured, if possible, to lend an added thrill to the contests.

Entries from Kansas, Oklahoma, several northwestern states and California are being noted.

FARMERS TAKE STEPS TO PREVENT FLOOD

(By International News Service)

GRAND JUNCTION, Col., April 29. Farmers along the Grand river are taking every precaution this spring to prevent recurrence of the serious damage done by food waters in 1920.

The channel of the river was changed in many places by the high water of last spring.

The banks of the river are being rip-rapped with logs, trees, rocks, steel rails and a network of wire in an effort to keep the land from being cut away again.

The state highway commission has granted a fund of $10,000 to be used in aiding the work of safeguarding the river banks east of the city, which will protect a large area of rich land.

VILLA FOLLOWERS ARE FREED TODAY

(By International News Service)

DEMING N. M., April 29.—Sixteen followers of the former bandit leader Francisco Villa are free here today following a verdict of not guilty in their trial for murder on charges growing out of the Columbus, N. M., raid, in March, 1916, when 17 Americans were killed and the town sacked.

"GLEN AND DALE"

We just received the April copy of the "ORANGE Ju I.C.E." a monthly published by the Intermediate Christian Endeavorers of Orange county. Good name isn't it when you know the enthusiasm of the Orange county workers? They had two pages devoted to Glendale publicity, just packed full of the slogans, "Glendale for mine, June 25, 29, Register now, Get-in-line," items of interest about Glendale, the three invitation songs and other jolly write-ups. Counties all over the state are publishing similar material. They all know Glen and Dale want to meet them and give Christian Endeavorers a royal time at the state convention.
